following the drums african american fife and drum music in tennessee is an epic history of a little known african american instrumental music form john m shaw follows the music from its roots in west africa and early american militia drumming to its prominence in african american communities during the time of reconstruction both as a rallying tool for political militancy and a community music for funerals picnics parades and dances carefully documenting the music's early uses for commercial advertising and sports promotion shaw follows the strands of the music through the nadir of african american history during post reconstruction up to the form's rediscovery by musicologists and music researchers during the blues and folk revival of the late 1960s and early 1970s although these researchers documented the music and there were a handful of public performances of the music at festivals the story has a sad conclusion fife and drum music ultimately died out in tennessee during the early 1980s newspaper articles from the period and interviews with music researchers and participants reawaken this lost expression and specific band leaders receive the spotlight they so long deserved following the drums is a journey through african american history and tennessee history with a fascinating form of music powering the story

second grader bo who has achondroplasia loves music and sometimes in school he listens more to the rhythms in his head than to his teacher which gets him in trouble because he drums on his desk so his parents put together an improvised drum kit to give him a place to drum at home

in 1957 duke ellington released the influential album *a drum is a woman* this musical allegory revealed the implicit truth about the role of women in jazz discourse jilted by the musician and replaced by the drum further the album's cover displays an image of a woman sitting atop a drum depicting the way in which the drum literally obscures the female body turning the subject into an object this objectification of women leads to a critical reading of the role of women in jazz music if the drum can take the place of a woman then a woman can also take the place of a drum the drum is a wild woman jazz and gender in african diaspora literature challenges that image but also defines a counter tradition within women's writing that involves the reinvention and reclamation of a modern jazz discourse despite their alienation from bebop women have found jazz music empowering and have demonstrated this power in various ways the drum is a wild woman explores the complex relationship between women and jazz music in recent african diasporic literature the book examines how women writers from the african diaspora have challenged and revised major tropes and concerns of jazz literature since the bebop era in the mid 1940s black women writers create dissonant sounds that broaden our understanding of jazz literature by underscoring the extent to which gender is already embedded in jazz discourse author patricia g lespinasse responds to and corrects narratives that tell the story of jazz through a male centered lens she concentrates on how the wild woman the female vocalist in classic blues used blues and jazz to push the boundaries of black womanhood outside of the confines of respectability in texts that refer to jazz in form or content the wild woman constitutes a figure of resistance who uses language image and improvisation to refashion herself from object to subject this book breaks new ground by comparing the politics of resistance alongside moments of improvisation by examining recurring literary motifs cry and response the wild woman and the jazz moment in jazz novels short stories and poetry comparing works by ann petry gayl jones toni morrison paule marshall edwidge danticat and maya angelou with pieces by albert murray ralph ellison james baldwin and ellington within an interdisciplinary and transnational context lespinasse foregrounds the vexed negotiations around gender and jazz discourse

it has never been easier or more fun for students to compose improvise arrange and produce music than with today's technology perfect for pre or in service music educators using technology to unlock musical creativity offers both a pedagogical framework and a description of the technology tools for engaging students in creative musical projects

a technical outline of the history of the sniper rifle from its introduction in warfare during the napoleonic wars through the us civil war to its current apogee as the most frequently used combat rifle in iraq and afghanistan this book details the development of ammunition different weapons types including single shot magazine loading and semi automatic as well as the introduction and use of optical sights martin pegler a leading expert on the history of sniping and former senior curator of firearms at the royal armouries leeds also details the current advances in technology such as laser range finding sights and night vision devices using first hand accounts the book brings the dangerous world of the sniper to life revealing their training and concealment techniques as well as their mastering of their weapon of choice
